

# NAYLAND VIRTUAL OPEN GARDENS

SUNDAY  
13th JUNE  
2021

For the second year in a row the Coronavirus restrictions have caused a cancellation of Nayland's Open Gardens so the Society has once again decided to hold a virtual Open Gardens.

Accordingly, we are delighted to show photographs of 25 gardens most of which have opened for many years to the public. The majority of the photos were taken in the period from the 5<sup>th</sup>-6<sup>th</sup> June. A list of the gardens featured appears below. In the absence of experiencing the gardens in reality we hope you enjoy this two-dimensional presentation.

As this event is the principle source of funding for the Society, viewers are invited to consider making a donation to the Society's funds for a sum no more than the usual £5 entry charge. If you are inclined to make a donation please note the Society's bank details are: To *Nayland with Wissington Conservation Society*

*Sort code 40-52-40 • Account number 00013621 • Payment reference (Your name) • Amount £*

Our thanks go to the garden openers for their support.
