TEAS  
IN THE VILLAGE HALL

## PHOTO ALBUM

Snapshots of Open Gardens including some taken during preparations.

Gardens of all shapes and sizes were open at our 38th annual event on June 15th. River gardens, walled gardens, pocket handkerchief size gardens and gardens with a views over the village, created varied and enchanting scenes to entertain the many visitors who came from far and near. The net proceeds of the day were £2,085. The drizzle at the start improved later on and the ice cream stand and teas in the village hall did brisk trade.

Many thanks to all those members and friends who opened their gardens, sold plants for us, made cakes for the teas and helped in many different ways to make the day so relaxing and entertaining for our visitors.
